

SUZUME NO GAKKO - Mon Design Template

1. Research your family mon.
2. Girls will select mother's mon. *If you do not have a mon design from your mother, you may use a grandparents' mon.*
3. Boys will select father's mon. *If you do not have a mon design from your father, you may use a grandparents' mon.*

If your family does not have a mon, research and select a design that you would like to "adopt" as your family's mon.

4. On the template, between the top lines, write the last name of the family mon (use ALL CAPITAL LETTERS) – see sample.
5. Make a copy of the mon and enlarge to fit in the template, leaving an outer margin (do not go past the broken line – keep mon design inside the broken line circle).
6. Make 2 copies of the design template and give them to your sensei on the first day of Suzume.
